CONGO IVORY IN EUROPE. The New Outlet to Market Ivory Money and Securities - Cotton from Central Africa Found.

ANTWERP, October 7.-A large quar tity of ivory from the Upper Congo is now being received by every steamer from Banana. This season is the first in which any considerable quantity of ivory from the Upper Congo has reached Europe by way of the west coast, as most of it has heretofore been taken to Zanzibar by Arab dealers on the backs of slaves. The present movement of ivory down the Congo is the result of the influx on the upper river of white traders, who, in spite of Stanley's opinion that the Upper Congo would not be worth a penny until the railroad around the ortanets was built haveless abiliard. the cataracts was built, bavelestablished themselves in unexpected large numbers.

Three years ago there was not a sin-gle white trader on the Upper Congo. To-day Belgian, Dutch and French trading companies have established thirteen trading posts above the cataracts, and these posts are scattered along the river a thousand miles from Stanley Pool to Stanley Falls. These companies have Stanley Falls. These companies have transported seven steamboats around the cataracts. Tenly years ago the natives of the Upper Congo had never seen a steamboat, but to-day a fleet of twenty steamers is plying on the upper river, and cleven trading firms, most of them employing large capital, are doing business between the mouth of the river and stanley Falls. It will be remembered. Stanley Falls. It will be remembered that just ten years ago, when Stanley nearly starved, reached Boma, the pres ent capital of the Congo State, be found there only sixteen white men. The fact that on a recent occasion 300 white men were domiciled in Boma illustrates the growth of white enterprises on the great
